Tues. eve. June 18. '12.

My dear - your latest "sample roll"
was recd. in good condition. Mr.
P. brought it home from church serv.
you certainly go to a lot of trouble to
send it & I wish you would not do it.
It is dandy; fine; but we get fairly
good here now & I can eat it now. My
"happy life" is much better & I have gained
a great deal since you were here. My
rosy cheeks & cherry lips will testify to
that. Mrs. T. went to another case last
Thursday. Pearl is feeding me raw eggs
etc. between meals. She is very good to
me. I stay in bed till 10-11 then go to
bed early. Do not get up till I write
again. Waddington has a large supply
of children's goods - may be first day I
go out riding I can get them. The
Ida has not been out yet - wrote her
last week but have not heard from her.
Why not you wait till Cots are ripe?
I'll let you know in time to come
before they are gone this year.
Love to all. Babes are o.k. "Eja".
